City Possibly an Imposter

Louis Riviere, the French decorator who got stranded in New Orleans, May 21, 1935, and was released on June 21, and concerning whom there was a write-up in the News last week, has not been heard from here since he left, though he promised to write some persons here who gave him assistance, on arriving at "Rock Haven," a private residence near Dixon, Ky., where he was to work lasting three months. He was last seen at the airport, where he had left 400 pounds of baggage at Rock Haven, on the Henderson Route, to which place he had been directed through mistake by a ticket agent, said. A letter to John Shelton, the agent of the Henderson Route at Rock Haven, last week, by a party following in the Frenchman, brought the following reply: "This Frenchman has never been here. This hunting has never been here." This would indicate that the story told here

by the Frenchman had some false parts

to it, though everything he said and did while here seemed so genuine and pathetic that a number of sympathetic people helped him and did not think, for a moment, he was an imposter.

PLEASANT PICTURE

And Pleasant Visit Here Recalled By Miss Gaines in Letter to Mrs. D. H. Severs.

15 WELL-KNOWN MISSIONARY.

Mrs. D. H. Severs has received a letter from Miss Nannie B. Gaines, the well-known missionary from Kentucky to Japan, who attended the Owensboro district conference at the Methodist church here in May, and delivered a most entertaining address on missions at one of the sessions. Miss Gaines was entertained during her stay by Mrs. Severs and she recalls very pleasantly her visit here. The letter was mailed from Honolulu. It is as follows:

June 9, 1905.
Dear Mrs. Severs: Until now, since I left you, every moment of time has been full, but at last the long railway journey is over and two days out on the ocean. This trip, with its many passengers and crew, now seems the real world, while the friends and the dear ones left behind seem another world. Already I wonder if I am the same person who had those pleasant visits in the home of Mrs. Severs. It seems that I am in another world, the one so familiar to me these many years past. The quiet, efficient Chinese servants on the steamer, the wide-awake, smiling Japanese, the many passengers in steerage, all these take me back to the days of the Orient, even before I reach my destination.

The pleasant trip to Cloverport will long be remembered. The pretty homes, the elegant church and the cordial people, all make a pleasant picture. My journey on the land was without any thing special. There were crowds on their way to Portland, while, on part of the journey, we had a women's convention that filled three cars and overflowed everywhere, so it was hard to get anything to eat, either in the dinette or at the eating saloons.

What a wonderful country, with a wonderful future, and in many places, magnificent scenery. But the deserts are tiresome. California, around San Francisco, is beautiful, as you have often heard, but the grandeur and wonderful beauty of the flowers has to be seen to be realized. The railroad now crosses the Salt Lake, thus cutting off many miles of desert and giving a most delightful ride across its blue waters.

This steamer is one of the largest on the Pacific, and by far the best I have traveled on. Unless quite rough, very little motion is felt, but we had enough on the first night to make almost every one sea-sick. We are now quite used to the motion and swell, so life is not so uncomfortable as it was some years ago. All kinds of people to be seen on a voyage like this. One can but wonder why some people travel; to some it means to only kill time and spend money.

Please remember me to all the friends I met, but especially to Mrs. Skillman and Mrs. Perry. Hope you and your daughter keep well. With love and best wishes to both.

Nannie B. Gaines.

THE BEST MEDICINE FOR WOMEN

If you are nervous and tired out continually you could have no clearer warning of the approach of serious female trouble. Do not wait until you suffer unbearable pain before you seek treatment. You need Wine of Cardui now just as much as you did when you were more developed and the torturing pains of disordered menstruation, bearing down, pain, leucorrhoea, backache and headache were driving you to the unfailing relief that Wine of Cardui has brought hundreds of thousands of women and will bring you. Wine of Cardui will drive out all trace of weakness and banish nervous spells, headache and backache and prevent the eruptions from quickly developing into dangerous troubles that will be hard to check. Secure a \$1.00 bottle of Wine of Cardui today. If your dealer does not keep it, send the money to the Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn., and the medicine will be sent you.

WINE OF CARDUI

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Gained Thousands to Health—How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Fred Seydel.

It is a great satisfaction for a woman to know that she can write to another teller her troubles and receive a letter in return that will be seen by a woman only, a woman full of sympathy for her sick sisters, and above all, a woman who has had more experience in treating female ills than any living person.

Over one hundred thousand cases of female diseases come before Mrs. Pinkham every year, and personally others by mail, and this has been going on for forty years, day after day. Surely women are wise in seeking advice from a woman of such experience, especially when it is absolutely free.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so, and others by mail, and this has been going on for forty years, day after day. Surely women are wise in seeking advice from a woman of such experience, especially when it is absolutely free.

Just as surely as Mrs. Seydel was cured, so will every woman suffering from any form of female trouble. Write to Mrs. E. Pinkham, Vegetable Compound, care of every woman suffering from any form of female trouble.

No other medicine in all the world has such a record of cures of female troubles as Lydia E. Pinkham's Vegetable Compound. Therefore no prudent woman will accept any substitute which a druggist may offer.

If you are sick, write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helpful.

Why The Sprague Was Built.

The present rise is causing a general rush of the towns to the lake. The town of Cal. The Sprague, which is the largest tow boat in the river, passed up yesterday evening about 6 o'clock with fifty-one pieces. This is one of the largest tows of empties that ever passed the lock, and the Sprague was making excellent time.

It was formerly the case that when a lot of coal was taken down the river the barges were sold at the destination and new ones built for the next trip, but as timber grew scarcer and as the coal business prospered it was found more profitable to tow the empty barges back, and it was for this particular purpose that the Sprague was built. She is a monster, so large that she has never been able to get to Pittsburg, but once, and usually only runs to Louisville, where she is used to carry coal, staves and all, and is perfectly equipped, even having her own ice-making plant.—Thursday's Owensboro Messenger.

For Sick headache take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by Short & Haynes.

Opposition to Cox.

Owensboro, Ky., June 29.—At the annual meeting of the Board of Directors of the Kentucky Baptist Ministers and Society held here to-day a discussion was held on the proposed annexation to an issue. There has been an element of Baptists who have thought for some time that the affairs of the society were not being managed as they should, and the opposition has crystallized against George N. Cox, who has been corresponding secretary and practically in control of the affairs of the society since its organization seventeen years ago. The issue came today over the election of a corresponding secretary for the ensuing year. The matter was finally deferred to an adjourned meeting to be held within a month.

The Diamond Cure.

The latest word from Paris, is that they have discovered a diamond cure for consumption if you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. Meade, of Vanhook, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequaled quick cure, for Throat and Lung Troubles. At Short & Haynes' drug store; price \$5c and \$1.00, guaranteed. Trial bottle free.

Jas. Ray is Released.

James Ray, a local negro who was given a sentence in jail at Owensboro, in May, for retailing whisky without a license, was released Thursday morning. Nine other federal prisoners were released on Thursday, all having served sentences on Thursday.

AMONG THE INDIANS

In Old Mexico Chas. H. Wright Takes Baths in Hot Mud Springs, Which He Describes.

HE IS CURED OF RHEUMATISM.

San Diego, Cal., June 28, 1905. Editor Breckenridge News:—If you will spare me space in your paper I will try and relate to my friends of your vicinity a trip I have just taken. I have been over part of this state and part of Mexico but never have I taken a trip equal to this one. I went from here to California, a town on the line between California and Mexico, and there I met a friend of mine, Mr. Roy Sande, who accompanied me to my destination. From there we went to what is known as the mud volcano springs, taking with us a Mexican guide, for it is not safe to go without a guide. The springs are about forty miles from the line of Mexico and we didn't get an early start, as we had to go by wagon. We had to camp over-night on a river. We could hear the coyotes howl all night long and hear the rattlesnakes "rattle" around us. Next morning we moved on. We reached the springs at 9 a. m. and our guide told us to go on right and then returned to Calixco. Then we were alone and never saw any one for two weeks except some Knapaw Indians. They would come and fish in the river and sometimes I would fish with them. I had rheumatism and could not go out hunting with Mr. Sande. There was plenty of ducks and quails and some deer.

The springs are just round holes in the earth, where hot mud and water boils up. Some of them are so hot that you can't hold your hand in them and others are just right to bathe in. Some of them spout out and go fifteen feet high and the sound is like the report of a cannon. When they shoot that way no one can sleep for they keep it up, occasionally, twenty-four hours at a time. The pool that I bathed in was warm and had two different kinds of water in it. We stayed there two weeks and then returned to California. When we reached there I was able to walk once more. I went from there to the springs in Arizona known as Agua Caliente. I remained there seven weeks and I was able to go to a dance before I left. I then returned to San Diego, the place of sunshine and flowers, and now I can say I am well and happy. I beg to remain as ever yours.

Chas. H. Wright, 2109 Robinson Ave., San Diego, Cal.

Chamberlain's Stomach and Liver Tablets Better than a Doctor's Prescription.

Mr. J. W. Turner, of Trubart, Va., writes: "I have been suffering from Stomach and Liver Tablets have done him more good than anything he could get from a doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, indigestion or constipation, his medicine would be used in preparing this one medicine. For sale by Short & Haynes.

Thomas—Strett Wedding.

Mr. Simon Thomas and Miss Ethel Strett, of Haverhill, both of whom are known here, were married last Wednesday evening, at Haverhill. The wedding took place at 8:15 o'clock at the home of the bride's mother, Mrs. Ella Strett, Rev. Bennett officiating. It was a very pretty wedding, the house being beautifully decorated for the occasion. There were six bridesmaids. After the ceremony Mr. and Mrs. Thomas left for a bridal trip of several weeks in the West.

These who attended the wedding from here were Miss Edna Jarboe and Messrs. O. T. Skillman, Geo. Young and Byrne Severs, the young men making the trip in Mr. Skillman's gasoline launch.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to an extent of one per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, will secure for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Short & Haynes.

Rain Came at Opportune Time.

The rain in this county last week was worth thousands of dollars to our farmers. The crops were at a stage when the prevailing drought was beginning to be felt and if it had continued for a week or ten days our crops would have been badly damaged. The rain came at an opportune time and as there is promise of more, our farmers are in a particularly happy frame of mind.—Meade County Messenger.

COMPANY IS INCORPORATED TO BUILD A NEW RAILROAD; SURVEYORS EN ROUTE HERE.

The Hartford Republican, in its issue of Friday, June 30, says:

The proposition to build a railroad from Madisonville through Owensboro to Louisville and Cloverport has been secured in Hopkins county, but in a few places the owners have not agreed to give the right of way. It is thought they will readily grant a little of their property in consideration of an increase of their land, which would be bound to follow when the road is built.

From this county the surveyors will run a line to Point Pleasant and from there by the way of Sacramento or Breckenridge both towns will be touched by the survey and the one offering the best inducements will get the road.

This road will traverse one of the richest mineral sections of the state which has been heretofore undeveloped. It will place Madisonville and other towns along the line right at the door of Louisville, by connecting with the Henderson route at Cloverport and also the Ohio river.

Very few people realize the business this road would do in a very short while. In the next ten years the government is going to need millions upon millions of tons of coal. The construction of the Panama canal, with an outlet to the Ohio river the coal lands along this route will be opened, and the coal can be placed at the canal zone as cheap, or cheaper, than from any other section of the United States.

Will Connect With Henderson Route Over Branch A Report.

A dispatch from Hartford to Friday's Courier-Journal read as follows:

"Articles were to-day filed in the office of the County Court Clerk incorporating the Madisonville, Hartford and Eastern Railroad Company. The incorporators are H. H. Holeman, George R. Lynn and W. P. Ross, Madisonville; J. W. Ford, Rowan Holbrook, John T. Moore and R. E. McLean, Hartford. The principal place of business of the corporation will be Hartford, and J. W. Ford will be its president. The object of the corporation is to construct a standard-gauge railroad from Madisonville through Hopkins, Mendenhall, McLean and Ohio counties, via Hartford to Mitchell's Station, on the Irvin branch of the Louisville, Henderson and St. Louis railroad."

Franks' Assignments.

Hon. E. T. Franks, collector of internal revenue for the second collection district of Kentucky, gave out the assignments of the gaugers and stove-keeper-gaugers on Thursday. The assignments were completed on July 1. Not more than half of the regular force of government officers are assigned this time. This is on account of practically all of the distilleries closing down for the season. The force of nearly one hundred is now cut down to four hundred.

The assignments of interest in this county are as follows:

George Gray, No. 35. H. T. Hessig, Paducah.
M. J. Heist, general S. and G., Owensboro.
E. E. Winkler, No. 49. L. D. Addison, Addison.

Buy It Now.

Now is the time to buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is certain to be needed sooner or later and when that time comes you will need it badly—you will need it quickly. Buy it now. I may save life. For sale by Short & Haynes.

Associated Press Censorship.

Seven hundred newspapers, representing every conceivable view of every public question, sit in judgment upon the Associated Press dispatches. A representative of each of these papers has a vote in the election of the management. Every editor is jealously watching every line of the report. If any word is observed that suggests departure from an honest and impartial service would arouse a storm of indignation which would overwhelm any administration.—From Melville E. Stone's "The Associated Press" in the July Century.

BIG STATE FAIR

Kentucky Will This Year Have Most Creditable Exhibition—Officers Elected and Work Begun.

The Kentucky State Fair to be held at Lexington September 18-23 next will be the biggest and the best fair ever held in the South. A premium list aggregating \$25,000 will be offered, thus insuring the highest class of exhibitions of live stock of every description. Officers have been elected and preliminary details arranged, and the management is now devoting itself to the active work of pushing the big exhibition.

Kentucky has held two previous State fairs, one at Louisville in 1902 and one at Owensboro in 1903. The first was scarcely a success, the second an utter failure. This year, however, located at Lexington, the center of the agricultural and live stock interests of the State, the fair is almost certain to prove a winner. It will be managed by a Board of Control composed of five directors of the Kentucky Live Stock Breeders Association and three representatives of the Lexington Chamber of Commerce. This board met last week to make preliminary arrangements. Frank G. Hogan, of Anchorage, president of the Kentucky Live Stock Breeders Association and one of the foremost breeders of Short-horn cattle in the South, was chosen as president; George A. Bain, the most famous auctioneer of trotting horses in the world, was elected secretary; J. Waller Rodes, cashier of the Phoenix National Bank, was made treasurer, and The Kentucky Farmer and Breeder, published at Lexington, was named an official organ of the fair. Offices have already been opened at Lexington and nothing will be left undone from this time forward to make the fair the greatest possible success.

Vincennes Doing Good Business.

The poultry steamer Vincennes, operated between Louisville and Rockport, by J. M. Norris & Co., a large wholesale poultry house of New York, is doing a very good business at all way stations along the Ohio. The boat makes a round trip between Louisville and Rockport once a week, buying poultry going both ways, and using Louisville as its shipping point by rail.

The Vincennes was put in the Louisville and Evansville trade at first but it was found that her capacity was overtaxed in making all the tows between these cities, and she now goes down the river only to Rockport.

READ THIS.

Louisville, Ky., Oct. 1, 1902. Dr. E. W. Hall, St. Louis, Mo., Dear Sir—I suffered four years with kidney and rheumatic trouble. At times could not raise my arms up, and pains in my ankles were so severe I could hardly walk. WEDNESDAY, July 3, 1903.

Owensboro Tobacco Convention.

(Up-To Date Farming.)

This convention will be composed of the leading tobacco men of each tobacco district in the United States. Each one of the 130 counties producing more than one million pounds should have a representative in attendance. This is to be the most important meeting of tobacco men ever held, and promises much for the men who plant tobacco.

The little city of Owensboro will extend a royal welcome, and the tobacco producing business is to be put on a sure and solid foundation.

At this convention the following facts will be ascertained and made public: The amount of each class and grade of tobacco consumed annually; the amount in the hands of dealers and manufacturers; the amount in the hands of the farmers; the prices paid by the consumers; the cost of manufacturing and handling tobacco; the profits secured by each class of dealers and handlers; the amount required for consumption during the succeeding year. With these facts before them it will not be difficult for the representatives of the tobacco growers to say what each class and grade is worth.

After this is done the delegates will turn their attention to ways and means of grading, storing and holding tobacco, and will provide for all emergencies. Steps will be taken to finish the work of organization at once.

Delegates to this convention should be chosen and qualified not later than August 15th. These delegates should be chosen in time to make complete reports of the conditions in their counties; the amount of tobacco produced, its grade, quality, etc.

Indigestion Cured.
There is no case of Indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from Indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. The constantly increasing use of Kodol Dyspepsia Cure by physicians of hospital and general practice of itself tells how this most wonderful modern discovery has proven to be the greatest champion for the alleviation of a suffering humanity. Its many cures of both children and adults grows larger day by day. Sold by All Druggists.

Railroad Outlook.
The outlook for a railroad from Point Pleasant to Fordville or Cloverport is still very good but there is yet work for every one, who is in favor of the road, to do, says the Hartford Republican. A good portion of the right of way has been procured but much is yet to be obtained.

The proposition submitted by the company to Ohio county people is unalterable. They propose to build the road, a standard gauge steam railroad, if we people in Ohio county will furnish the road bed and donate \$25,000. There is no alteration in the proposition. If we fail on our part the opportunity of a lifetime to have a railroad through the interior of Ohio county will be lost. In other words it is up to Ohio county people. If we want a railroad bad enough to put forth the proper efforts we can get it, otherwise it is lost. Come, what shall we do? If built our county will blossom like a rose.

First And Last Pastorate.
Rev. J. F. Winchell, of Tobinsport, under date of June 26, writes to the Western Recorder as follows:
"Last Sunday at Hite's Run church a young man of much promise was received for baptism, and in the evening was baptized, also his mother, sister and uncle. The cause at this old church is 'looking up' again. Some much needed repairs have recently been done, adding greatly to the comfort and convenience of the people. We thank God and take courage. This church is very dear to her pastor, as his first and last pastorate. I was first called there as supply in 1879, preached for five years, and have had two short pastorates since; the present one is in the second year. It will close with the calendar year. There is a good prospect then for the church to move up to half-time service. May the Lord lead is the desire of pastor."

Half Crop in Hancock.

Mr. Andrew Jackson, a very successful tobacco raiser, of Chambers, in Hancock county, was in the city yesterday with his crop when he sold. He says the Hancock crop is not so short as that over before and will not average more than half a crop. He says the dry weather out the crop down but that the growers are thoroughly disgusted with their experience in raising tobacco for little pay and that they are determined to quit producing large crops, at least for a time. Owensboro Inquirer.

Hancock Oil Company Assigns.

There was filed for record in the Hancock county clerk's office, a deed of assignment from the Indiana and Kentucky Oil Company, organized under the laws of the Territory of Arizona, to the Louisville Trust Company.

This company has a well across the river on the Floyd Massie farm, about four miles above Cannellton, and has thousands of acres under lease in Hancock county, just above the city there was erected recently a derrick, with all necessary machinery for boring, but actual work never began.

The deed of assignment does not hint at financial troubles of any kind, but merely asserts that the assignment is made for the best interests of the company. It also states that the general equipment of the company is to be sold, and after the payment of its just claims the money is to be prorated among the stockholders.

The work in hand here has been under the promotion of L. S. Powers & Co., Judge Vanderpool being actively engaged.—Hancock Clarion.

Bent Her Double.
"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburgh, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Elett's Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stone, liver and kidney disorders; at Short & Haynes drug store; price 50c.

To Decide on Barbecue Date.
Chas. B. Skillman says the Masons will decide on the date of their fourth annual barbecue, at the next regular meeting, Friday evening, July 7. The barbecue will be given the latter part of August.

The annual barbecues given by the Masons have been the biggest successes, in point of attendance and financial results, of the kind in the county. They will put forth every effort to make the barbecue this year eclipse those in the past three years.

Three Good and Just Reasons.
There are three reasons why mothers prefer One Minute Cough Cure. First, it is absolutely harmless. Second, it tastes good—children love it. Third, it cures Coughs, Croup and Whooping Cough when other remedies fail. Sold by All Druggists.

Rev. Newsom's Great Success.

The scores of friends of Rev. J. T. Newsom, of Martinsboro, Tenn., the evangelist who conducted the big revival at the Methodist church in February and March, will be glad to learn that he is continuing most successfully in his great work of saving souls. He recently closed a meeting at Paducah with 100 conversions, and he is now holding one at Guthrie, at which the congregations have been so large that the church has been found too small to hold them, and the opera house is now being used.

To Give Big Barbecue in 1906.

On July 4, 1906, a big barbecue and picnic will be given at Hardinsburg by W. N. Pate, of Mattingly, and John O'Riley and Jubal Hook, of Hardinsburg. It will be given on the turnpike, near Hardinsburg, in the same place where the big party was given yesterday by W. N. Pate, Huse Alexander, John O'Riley and Jubal Hook, Mr. Alexander being the only member of this popular picnic firm who will not be interested in the barbecue next year.

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, and in the homes of thousands of every class and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Inc., Hamilton, N. Y. 25 regular size bottles and 25 Home of Swamp-Root, dollar sizes are sent by all good druggists. Don't make any mistake but remember the name, Swamp-Root, and the address, Dr. Kilmer & Co., Inc., Hamilton, N. Y., every bottle.

KENTUCKY.

Kentucky, O. Kentucky.
I love your breezy ways,
Your girls of matchless beauty,
And your glorious sunny days,
Where your flowers are ever blooming,
And bonbon junes flow,
Reminding me of childhood
And the sweets of long ago.

Kentucky, O. Kentucky!
Wherever I may stray,
I hold in grand devotion,
Your sons of blue and gray,
And though the world rebukes me,
On land or stormy sea,
I find sweet consolation,
In contemplating thee.

Kentucky, O. Kentucky!
No other land or clime,
Can banish thy remembrance,
And the love-lit golden time,
That I passed amid thy bowers,
With glorious girls and boys,
In concentrated pleasure
And illimitable joys.

Kentucky, O. Kentucky!
In the parlor, street or fair
You shine among the millions
And are always 'getting there.'
Heroic is your manner,
To truth, love and art,
A commonwealth of glory,
With a royal hand and heart.

Kentucky, O. Kentucky!
When I draw my latest breath,
I only crave the pleasure
To go to thee in death:
And if no other heaven
Shall shine for me,
I'll be content forever
If our dust be mingled with thee—
John A. Joyce, in the Cincinnati Daily Press.

A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure, for headache, dizziness and constipation. 35c at Short & Haynes drug store.

Meets at Louisville Next.

The International Sunday School convention will meet in Louisville in 1908. This was decided by a big vote at the convention at Toronto, Canada, last week. The Kentucky city was given an ovation. The Rev. Dr. Hemphill and the Rev. Horace G. Ogden presented the claims of the city by the Ohio falls to the delegates, and "My Old Kentucky Home" was sung.

After that it was all over, and there was nothing else to it but Louisville. The greatest enthusiasm was manifested by the delegates when the selection was announced.

An Utterance of Deep Feeling.

We take this means of expressing our deep gratitude to the many friends who so earnestly and tenderly helped us care for our loved one during his long and fatal illness. We wish to especially tender our thanks to those two faithful servants, Drs. R. T. Dempster and J. E. Kincheloe, who used their unquestionable skill to prolong his precious life.

His devoted wife and loving sister,
Mary Lynch,
Katie McCabe.

To Set Date for Tent Meetings.

At the next Fifth Sunday ministers' meeting of the Breckenridge Association of Baptists, the last of July, dates will be set for tent meetings at Norton's Valley and Roberts' Bottom, to be conducted by Rev. E. B. English this summer. These tent meetings were provided for at the last Fifth Sunday meeting of the Breckenridge Association of Baptists.

Barge Launched.

T. F. Sawyer launched a barge last week which he built from lumber composing the hull of a large coal barge which was caught here in the ice last winter and which he bought from the Consolidated Coal & Coke company, to be used by him on the river.

J. E. Keith Has Hand Mashed.

While J. E. Keith and son, Proctor Keith, were at Home, Ind., Friday erecting a monument, the former had his right hand very badly mashed by its being caught under a stone. He returned home Friday evening and had it dressed by Dr. Simon. The member swelled to almost twice its natural size and the injury was very painful. He will not be able to use it much for some time.

School Building Improvements.

When the 1905-1906 session of the public school opens next September the interior of the building will make a much more attractive appearance than it has in the past. Some improvements are now being made and others soon will be. The improvements include the repapering of all the rooms, the enlargement of the blackboards and the installation of new single desks in the rooms occupied by the pupils of the primary, intermediate and advanced departments. The change from double to single desks in these rooms is an improvement in a number of respects. The principal's room is already equipped with single desks.

Forced to Starve.

B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At Short & Haynes drug store. Only 25c.

More Rural Routes in Ohio.

Rural free delivery routes are being established nearly every month in one or more of the counties adjoining Breckenridge, but Breckenridge county itself hasn't even one route and it has petitioned for only one. Rural routes ordered established September 1 are: Hartford, Ohio county, Route No. 1; population, 541; houses, 121. Narrows, Ohio county, Route No. 2; population, 513; houses, 111.

Boat and Show Both "Bum."

No better description can be given to Pro. Frank H. Rice's floating theatre, which showed here last Thursday night, than to say it was "bum," which it was and everybody who attended it said so. The boat was no better than the performance. It is one of the small river shows and has made Cloverport only twice. It will not be missed if it does not come again.

Price's "Water Queen" Friday.

Price's "Water Queen," a new mammoth floating theatre, will be at the river next Friday night, presenting a high class vaudeville show. This is one of the pioneer river shows and one whose coming is looked forward to here with much pleasure. "Everyting new but the name" is the case with Price's show this year.

Will be Largely Attended.

The dedication of St. Anthony's Catholic church, at Long Lick, on July 12, will, no doubt, be largely attended. The church is a frame building but larger than the usual country house of worship.

Important Memorandum: Kinloch's Pure Raw Linseed Oil is the best for all purposes. It is pure, unadulterated, and of the highest quality. It is sold in gallon cans, and is the best for all purposes. It is sold in gallon cans, and is the best for all purposes.

When we sell you paint, you buy the linseed oil separately. We know from our experience that paint without fresh linseed oil is not going to last very long. Of course, it may look well in the beginning—but in the end—what? We're here in business today and when we recommend Kinloch's Pure Raw Linseed Oil, we certainly mean to be genuine in our saying. We are not just saying it for the sake of the sale. We are ready to buy canvas for you.

THOUGHTS.

"I fully indorse Dr. Johnson's sentiment that anything which teaches us the value of our own powers, which shows us it is possible to do what we had hitherto thought impossible, is of the utmost value."—President Schurman, of Cornell.

Printers, like other people, enjoy an outing once a year. This explains why the News is one day late.

The crowd at Hardinsburg Tuesday was estimated at 4,000 to 5,000 people and be said to its credit and to the credit of the community it was sober and orderly.

It was a glorious Fourth. Ideal weather conditions prevailed and everybody took advantage of it for an outing. The crowd at Hardinsburg was simply an overflow. Both picnics had about all they could do.

WHAT THE NATION NEEDS.

The Breckenridge News calls especial attention to the following sentences taken from President Roosevelt's speech at Harvard:

"If in the public mind the career of the scholar is regarded as of insignificant value when compared with that of a glorified pawnbroker—and some of the most conspicuous of our financial magnates come fairly within the latter category—then it will with difficulty be made attractive to the most vigorous and gifted of our American young men."

"In business at the present day nothing could be more healthy than an immense reduction in the money value of the exceptional prizes to be won; but in scholarship what is needed is the reverse."

"So far as the alumni have weight I hope to see that weight felt in a serious and sustained effort against the growing tendency to luxury and in favor of all that makes for democratic conditions."

"This nation never stood in greater need than now of having among its leaders men of lofty ideals, which they try to live up to and not merely to talk of."

"It is far more important that they (men of vast fortunes) should conduct their business affairs decently than that they should spend the surplus of their fortunes in philanthropy."

"Every man of great wealth who runs his business with cynical contempt for those prohibitions of the law, which by hired cunning he can escape or evade, is a menace to our community, and the community is not to be excused if it does not develop a spirit which actually frowns on and discourages him."

"A great lawyer who employs his talents and his learning in the highly remunerative task of enabling a very wealthy client to override or circumvent the law is doing all that in him lies to encourage the growth in this country of a spirit of dumb anger against all laws and of disbelief in their efficacy."

Mr. Roosevelt speaks to the point. He is a man that never speaks but what it means something. Whether it is spoken to Harvard graduates, or to the undergraduates, or to the common people there is a lesson for all of us. What we want in this country in this county of Breckenridge, is a higher standard of citizenship, in business, in morals, in politics, in religion, in every walk of life. And these words of Mr. Roosevelt burn with that spirit. Let us get in touch with what he says, live it and act in our own lives.

Make your word good. Make it good with your meat man, your grocer and your home paper. Paying promptly is the life of business and this applies to newspapers as well as to your meat man, your grocer, or your bank. The newspaper man can't run without money any more than any other business man. He has to collect what is due him just like other people. If you owe your newspaper don't get mad if the editor wants his money and sends in his bill with request to remit. You don't know how it is with him. Perhaps he hasn't as much capital as you think he has, and he needs money to pay his hands and his paper bill. Labor don't wait, neither do the paper men. They both shut down on him if he fails to pay promptly. And this is why the paper man like other men sends out his bills. Its just a matter of business. So don't get mad. Why bless your dear souls, if we were to get mad every time a man sent in his bill we would be in the asylum grid now.

Our banks are all right. All of them are in good condition. Some have more money than the others and that's all right, too. They all can't have the same. Some are older, some are more enterprising and make greater efforts for business and some have the knack of getting it—just like some merchants. But the main thing with our banks, they are all prosperous and are making a little better showing every year. Their business is growing and this speaks well for the community. Banks are an index to the business of the county. If the people are prosperous it shows in the bank statements. In the six banks whose statements appear in this issue there is on deposit \$545,550.01 and it all belongs to the people of Breckenridge county. We remember the time when we had only one bank and when the deposits run up to \$100,000.00 we thought that was a big lot of money for Breckenridge county. Now it is more than five times as much and yet some of us are not happy; we want more.

The Bank of Hardinsburg is one of the eleven banks in Kentucky whose surplus and undivided profits equal the capital stock. In the light of the fact that there are four hundred and twenty banks in the State and that several scores of these are in larger towns and cities than Hardinsburg, this is a remarkable showing and a most excellent indication of the large and profitable business being done by this well-

"Work will commence on a union depot in a very few days." This was the statement of Mr. A. C. McCracken, general manager of the L. H. and St. L. Railroad company, who spent several days in the city last week and who returned to Louisville yesterday. He, with other officials, was making preparations for the right of way for the Illinois and the L. and N. roads. The station will be constructed at a cost between \$30,000 and \$35,000.—Sunday's Owensboro Messenger.

King is still on his vacation at Smith Grove and will not preach at the Methodist church until Sunday, July 16. Rev. J. T. Lewis, recently called from Irvington, will preach at the Baptist church next Sunday.

Numerous complaints are being heard on the streets about the dangerous condition of the flooring of the iron bridge over Clover creek, there being one hole near the center about five inches wide and two and a half feet long, and several others which a person with a small foot could step through.

The Woman's Foreign Missionary Society and the Clover Blossoms, the juvenile missionary society, met at the Methodist church Monday afternoon to hear the report of the delegates of the recent State meeting at Bowling Green. Miss Grace Plank represented the Woman's Foreign Missionary Society and Miss Margaret Burn the Clover Blossoms.

Prof. H. K. Taylor, of Louisville, was here Friday in the interest of his training school at Beechmont. He went from here to Hardinsburg to address the county teachers' institute in session there last week from Monday until Saturday.

The praise service conducted by the Epworth League at the Methodist church Sunday evening had some very good features that were appreciated by those in attendance. A duet sung by Miss Eva May and Dr. A. A. Simons and a number of hymns and hymns were heard by the choir, were very well received. Prof. J. P. King conducted the service, delivering a very appropriate prayer and reading an interesting and well-prepared paper on "Independence Day," the League topic for last Sunday.

A new roof has been put on Tar creek bridge, near town, and new sills put in position, among other repairs, but the foundations have not been straightened as they should be, it is said. This bridge has long needed repairing and the work recently done on it is greatly appreciated by the citizens of this part of the county.

Warfield Collins is at home this week from out on the branch of the Henderson Route. He has a position with the bridge crew between Irvington and Fordville.

The moonlight picnic given Friday night at the home of Wm. N. Johnson, near here on the pike, was barely a financial success, just a small sum being realized by the undertaking. The unusually rainy weather of the past few weeks has had a dampening effect on picnics.

Man Here Monday Didn't Know His Name or How He Came Here
Lawrence F. Clark, of Jellico, Tenn., was a man who was here Monday, who did not know his own name, the name of his home or how he got to Cloverport. Mr. Clark came here on the early evening train from Louisville Sunday and stopped at the St. George Hotel. He left Monday afternoon for London, Ky., to visit his wife, who is there the guest of her relatives. He had a fever when he came and when he left and was a very sick man. Before he left he found out his name, and his address, which unusual aberration had caused him to forget.

Monday morning Dr. Simons was called to the St. George to see Mr. Clark. He found he had a very high fever. When questioned Mr. Clark could tell nothing whatever about himself, not even his own name. He was under the care of Dr. Simons during the day and was at his office and at A. R. Fisher's drugstore part of the time. He improved later in the day. It was at the drugstore where he found out his name while reading a letter from his wife he had placed in a magazine. The happiness that this discovery gave him was amusing, though pathetic, to the bystanders. Finally he came to himself better and said that he was from Jellico and on route to London. He didn't remember where he bought a ticket to come to Cloverport. Marshall DeHaven telegraphed to a number of towns but could learn nothing about him.

Dr. Simons is of the opinion that this man is on the verge of an attack of typhoid fever and that this caused his mental aberration.

The Fourth of July was very quiet here. A large number of people from here attended picnics at Cannelton, Hardinsburg and Hawesville.

About all the city council did at its regular meeting Monday night, in the way of new business, was to order repairs on streets badly washed by the heavy rain of June 30.
